ON STRIKES AND MOBS.

Archbishop Ireland in Chicago Gives Expression to Patriotic Views.

In the course of an interview in Chicago Sunday Archbishop Ireland, of St. Paul, speaking on strikes and mobs, gave utterance to patriotic sentiments. He said in part:

"There can be no hesitation to bring in the use of the repressive powers of the state when property is menaced. Only society, when men who for the time being are turned into savages will burn or destroy property, whether it be the factory of the rich man or the poor man's cottage, a railroad car or a national building. More criminal and more inexcusable yet is the act of murdering human beings or of endangering their lives. Labor, too, must learn the lesson that the liberty of the citizen is to be respected. One man has the right to cease from work, but he has no right to drive another man from work. He who respects not the liberty of others shows himself unworthy of his own liberty and incapable of citizenship in a free country. Never can riots and mob rule and lawless depredation be tolerated. The country that permits them signs its death warrant.

"Riots and mob rule such as have occurred in Chicago do immense harm to the cause of labor and set back its advance for whole decades of years. Labor thereby loses the earnest sympathy of thousands of friends and gives courage and triumph to its enemies. Worse yet, the principle of popular government suffers. It is no wonder that, reading of the occurrences in America, Europeans announce that the republic is a failure and that strong anarchy only can hold society together. Nowhere on earth has the poor man liberty, civil, social and industrial, as that which he enjoys in America. Are these liberties to be used in tearing down the republic which blesses and protects them?

"I am far from saying that labor has not had its grievances in America or that redress must not be sought. I would not respect the laborer who seeks not to enjoy all his rights and to improve his condition. But all this must be done within the lines of social order and law. The remedy for these ills is a healthy public opinion and fair public legislation, and all legitimate efforts in these directions, whether by single act or united force, are laudable. Labor has made great progress in the recent past; it must not be too hasty. Time and patience are requisites to final success.

"As to strikes, I repeat the words of a labor leader, T. V. Powderly, 'they are nearly always failures, and should scarcely ever be resorted to, even when most securely guarded from wrong doing.' The workman, even when he apparently gains his purpose, finds on computation that he has suffered severe financial losses and has weakened his chances for future employment. Besides, strikes affect the great public of America as well as the employer, and workmen should consider the rights of this public, whose moral support, moreover, the cause of labor sorely needs.

"For my own part I believe the large number of men who join strikes are more to be pitied than blamed. They are led on by irresponsible and tyrannous chiefs. Labor unions have great value, but one marked evil in them is that they put the liberties of tens of thousands in the keeping of one man, or of a few who become their absolute masters, their despotic czars."

MADE AN ASSIGNMENT.

Business Failure of Geo. W. Jones & Co.—Liabilities, $29,709.44 —Assets, $24,962.84.

The clothing, gents' furnishing and merchant tailoring firm of Geo. W. Jones & Co., doing business at 108 Prairie street, old postoffice block, made a voluntary assignment to-day for the benefit of creditors. The assignee is Charle M. Allison, who is in charge of the stock. The papers were filed in the county court by Attorney W. E. Redmon. The schedules show the liabilities to be $29,709.44; assets, $24,962.84. The members of the firm are George W. Jones, the active head and manager, and James L. Turner, the "Co.," and father-in-law of Mr. Jones. Owing to the general business depression the business could not be continued, and suspension was inevitable.

Below is given the showing as made by the papers filed in court:

WILL KEEP THE TROOPS.

Mayor Hopkins Will Not Ask to Have Them Withdrawn This Week.

Mayor Hopkins has no intention of asking Governor Altgeld to withdraw the state troops for several days. He said yesterday that in all probability he would keep the entire command in the field until the end of the week. The mayor does not feel that there is any real need of the troops, but is keeping them in the city to meet emergencies that may arise and to maintain the sense of security and protection for life and property that is imperiled by their presence. Moreover, the supervision of the police districts has been kept entirely in the hands of the inspectors and Mayor Hopkins will not consider a recall of the soldiers until his inspectors recommend it. Up to date the officers in charge of the strike districts have made no such suggestion and will not do so until there is absolute assurance that all danger of an outbreak has passed.

Picnic.

A picnic party was given at Springwood yesterday for Walter Strange, who is visiting here. All went out early in the afternoon and remained until evening. In the company were Mr. and Mrs. C. A. Ewing, Mr. and Mrs. F. M. Curtis, Mrs. C. B. Moore, Mrs. F. J. Sedgwick, Mrs. Firm Roach, Misses Eyman, Belle Ewing, Luetta Ullrich, Maud Burrows, Belle Burrows, Bertha Roach, and John Clugston, Charles Armstrong, W. C. Johns, Dr. H. C. Johns and Walter Strange.

Church to Be Rebuilt.

The corner stone of Park's chapel, a Methodist church in West Urbana, was laid yesterday. Just thirty days ago the church was struck by lightning and burned to the ground. Before the fire had died out money was being raised to build on the same ground. Nearly enough money has been raised to finish the church.

B. F. Marsh was nominated for Congress yesterday in the Fifteenth district by the Republican convention held at Bushnell. Congressman Marsh was not present, being in Washington. The news was telegraphed to him.

PASSED AWAY.

Death of Mrs. F. M. Cox This Morning at 10:55 O'Clock.

Mrs. F. M. Cox died this morning at 10:55 o'clock, after a long illness. Her many friends will be grieved to learn of her demise, although it was not entirely unexpected. She has been suffering for a year or more from cancer and a spinal disease, and has been confined to her bed for several months. Over two weeks ago an operation was performed for the removal of the cancer, from which operation she rallied well and great hopes were entertained of her recovery, but a few days ago the spinal and brain trouble became worse and was the immediate cause of her death.

The deceased was born in 1843 at Springfield, Ohio, and was married October 24, 1863, to F. M. Cox. The family moved to Decatur in 1867, where they have since resided. She leaves a husband and one daughter, Mrs. E. W. Hill.

The deceased was an active member of the First M. E. church and was foremost in all church work. She was a member of the Woman's club.

The relatives of the deceased in New York City and Ohio have been notified of her death, and the funeral will take place from the residence of her daughter. The time has not yet been determined.

DEATH OF J. S. HUBBARD.

Ex-postmaster J. T. Hubbard received a telegram this morning from Monrovia, Ind., conveying the sad intelligence of the death of his father, J. S. Hubbard, in the 84th year of his age. The telegram conveyed no other information. Mr. Hubbard will leave to-night for Indiana to attend the obsequies.

EVERYTHING QUIET.

Nothing New in the Local Strike Situation.

It would be hard for a stranger to discover that there ever was a strike in Decatur, so smoothly are the trains running in and out, strictly in accordance with the schedule. The situation remains unchanged, although the strikers claim there will be a change before Sunday. Charles Ballard, son of William Ballard, who has been running a switch engine in the yards, has been let out owing to some domestic trouble he had with his father.

It is stated that Clint Haag and Lou Hart have secured positions as extra engineers on the Chicago & Alton R. R.

In Domestic Trouble Again.

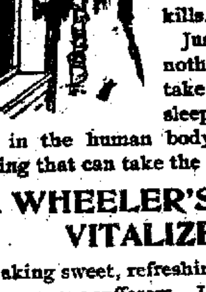

This telegram appeared in the St. Louis *Globe-Democrat* of July 17 from Champaign:

Rev. Arthur Bradshaw, of Sidney, formerly of Decatur, has commenced proceedings for divorce. Rev. Bradshaw is an aged divine of the Methodist church and was the first pastor of the Urbana Methodists way back in the early days. A year or two ago he took unto himself a wife in the person of an 18-year-old girl. The young lady soon tired of her 80-year-old gallant. The December-May combination didn't come up to her ideal, so she forsook the old gentleman, and now he wants the holy bonds severed.

Soon after the marriage which took place in Decatur, it was stated in the local papers that the youthful bride had gone to Canada on a protracted visit, and one said it was a case of wife deserting the husband. This Father Bradshaw flatly denied, and since then the domestic affairs of the Bradshaws have been kept out of print.

THE funeral of Michael Fleming, a coal miner by occupation, took place today from the family home at Riverton. He was aged 62 years. He leaves a widow and nine children—Mrs. William Smith, Patrick and William Fleming, all of whom are married, and Lawrence and Miss Hannah Fleming, all residing in Riverton; Mrs. E. Van Hohn, of Decatur, James Fleming and Mrs. W. Gregg, of Decatur, and Mrs. Millard Mitchell of Monterey, Mexico.

BEN NELSON, a carpenter, had a round in Justice Provost's court yesterday with W. M. Chance, the second-hand dealer. Somebody stole a spirit level from Nelson and sold it to Chance. Nelson recognized it, and demanded permission to take it away. Chance wanted Nelson to pay him half what he had given the thief for it, but Nelson refused to give up, and because Chance held on to the level Nelson had him arrested for larceny. Provost assessed the costs, $7.20, against Chance, and Nelson got his property.

IN Justice Hammer's court last evening Constable M. Phalen of Harristown was fined $25 and costs for charging excessive fees in the case of Henry Freeman vs. James Park and J. P. Holmes. The proof showed that Phalen had charged fees to the amount of $10.50, whereas it was alleged he was entitled to but about $4.00 under the law. The case will be appealed by Phalen, who was represented by I. D. Walker. The prosecution was conducted by J. M. Graybill.

ST. LOUIS *Globe-Democrat*: "Arbitration, by mutual consent, not by compulsion of one side, has been tried in Boston this year with excellent results. The bricklayers asked 45c, an hour, and the contractors, owing to dull times offered but 32c. The matter was submitted to an arbitrator, who weighed the conditions carefully, and fixed the rate at 42c. The figure, of course, was accepted in good faith by both sides, and it will hold over next year. The bricklayers have not lost a day, and have aided any person intending to build to make exact estimates. The way to arrange an arbitration is by reaching the reason of both sides by amicable methods. There is talk of arbitrating international disputes, but not by one side sending its army and navy to bring it about.

THAT WHEEL MYSTERY.

It is Cleared Up—The Owner is Peter Black.

The mystery connected with the abandoned Rambler bicycle and dented stiff hat, found at the roadside three and a half miles north of Decatur Tuesday morning by the hay haulers, was cleared up last evening. The owner proves to be Peter Black, of 978 North College street, a salesman at Joe Grass' paint and wall paper house on North Water street. Mr. Black had gone riding Monday evening on the Bloomington road, and in some manner he met with an injury to his head at the point where the wheel was found. He remembers that there was something wrong with one of the pedals. It would not work. He must have fallen off while going rapidly. He thinks he was stunned by the fall. He recollects that he looked in vain for some way to ride home, and the next he remembers was that he met Officer Hall near the Shellabarger mill. Black was so dazed that he could not find College street, and the officer took him home. He was all right yesterday and to-day. Yesterday morning Mr. Black paid a man $1.50 to go out and bring in his wheel and hat, but the hay haulers had got to the spot before the special messenger did. The property has been restored to Mr. Black. He did not lose his watch and he was not robbed of any money. He feels a little bored over the singular experience he had, and freely admits that he doesn't know yet how he came to be hurt, nor just how it was that after he had walked to Decatur he was unable to locate his home.

DEBS IN COURT.

President of the A. R. U. to Answer Before Judge Seamons for Contempt.

[Chicago Evening Journal, July 17.]

President Debs of the American Railway Union, appeared in the United States circuit court this morning. He was accompanied by Attorneys W. W. Irwin and W. H. Shoemaker, of St. Paul, and S. S. Gregory, of this city. The strike leader was also accompanied by his brother, Theo. Debs. The head of the railway union said he had come into court not because he was summoned, as he had not been sent for, but on the advice of his lawyers. "I am here," he said, "to answer anything that may be brought against me."

The information which District Attorney Milchrist prepared last night against the leaders of the American Railway Union was filed with the clerk of the United States Circuit Court at 11 o'clock this morning. It makes Debs, Rogers, Keliher and Howard defendants, and asks that they be held for contempt of court. Mr. Milchrist at once took the information before Judge Seaman.

This information is an abstract of all the evidence against Debs, proving him to have been responsible for the strike. It also enumerates damage done and contains copies of letters and telegrams signed by Debs. In nearly every instance these were orders to call out men.

One of the telegrams which was sent out after the injunction was issued was addressed to S. W. Rains at Mt. Vernon, Ill. It read as follows: "Call out Air Line and let it be understood that this is a struggle between capital and labor. This is no conflict in which children or childish men have a part. Strong men and broad minds only can resist the plutocracy and arrogant monopoly. Do not be frightened at troops, injunctions and the subsidized press. Quit and remain firm; commit no violence. The American Railway Union will protect all, whether members or not."

Another sent to Charles Fink, at Oakland, Cal., was as follows: "To call out troops was an old method of intimidation. Commit no violence. Have every man stand pat. Troops cannot move trains. Not scabs enough in the world to fill places and more occurring hourly."

The following was sent to Courthead, South Butte, Mont., on July 2: "General managers are weakening. If strike is not settled in forty-eight hours complete paralysis will follow. Potatoes and ice are out of sight. Save your money and buy a gun."

Another telegram was sent to Livingston, Mont., in answer to a request that the passengers on an overland train be allowed to proceed on their way. It said: "Not a wheel shall turn until the whole trouble is settled."

When Mr. Milchrist had finished reading the information G. R. Peck, attorney for the receivers of the Santa Fe took the floor and read a petition for an attachment against the defendants on account of that road, which is in the custody of the federal courts. The petition set up substantially the same state of facts.

Mr. Gregory opposed the filing of this petition as a part of the case of the Government against the accused. He did not understand, he said, that the Government had been used to protect the property rights of the railroads. The court said there was no objection to hearing both petitions at the same time. Mr. Walker made a statement defining the position of the Government in regard to the strike. He said the Government had interposed not to protect railway property, but to insure the passage of the mails, and at no time in the proceedings against the defendants will it appear that the Government has any other object. The attorneys then left the court until 2 o'clock.

A PHILADELPHIA colored man lived for three days on nothing but sponges which he stole from watering troughs and dried.

E. V. Debs says the strike is not off. Debs may be off.

Debs has kindly consented to go to jail. The next thing we will be afflicted with will be a series of orders dated in prison, etc.

The umbrella trust has gone into the hands of a receiver. This creates a suspicion that the rainmakers have not been doing their duty.

A Washington special tells of a fire that was started in an electric car by a woman stroking a black cat. Perhaps the explosion of the Hoskiss caisson in Chicago might be accounted for on some electrical principle.

President Cleveland says the tariff bill must provide for free coal and free iron. Mr. Cleveland can see that a revenue tariff bill without free raw material is illogical and cannot stand the test of public opinion.

A local paper, speaking of the admission of Utah as a state, says "that will add one more star and one more stripe to the flag, making in all forty-five." That young man ought to take a day off and count the stripes in the American flag. This reminds us of the new convert who prayed the Lord to send every poor family a barrel of flour, a barrel of salt, a barrel of beans and a barrel of pepper, and hearing a suppressed laugh among the devout worshippers, cried out, "Hold on, Lord, that's too much pepper!"

The *Review* seems to have changed editors again. It was once in favor of free sugar, and threatened to cease supporting the Democratic party if it put a tax on sugar. When the senate committee amended the Wilson bill by putting sugar on the dutiable list, instead of leaving the party, that paper made the excuse that the wrong editor was in, and then as he was home it said the sugar duty was the most logical duty in the bill. The paper now has again got back to first principles and is supporting free sugar. It is a little hard to tell when the right editor is in on Prairie street.

Chief Arthur, in reply to President Debs, admitted that he had filled the places of engineers who went out under the Debs strike order and in violation of his (Arthur's) order. Mr. Debs sent out telegrams in which he states that Chief Arthur admitted that he had filled the places of strikers with "scabs." Under these confusing conditions it is just a little hard for the ordinary individual to determine what or who a "scab" is. Chief Arthur's men, who are idle, belong to the Brotherhood of Locomotive Engineers and Mr. Arthur opposed the B. of L. E. going out on the Debs order, and now Debs calls the members of that order who took the strikers' places "scabs." What will Debs' men, who, having lost their positions and have gone to other points to take the places of other strikers be called?

Action has been commenced by A. Demers, a prominent Canadian residing in Montreal, against the Massachusetts Benefit Association of Boston, for $17,000, and by C. A. Chenevert for $3,000, on policies held by the late M. La Ferrier, who had transferred the policies before death. The insurance company will contest the payment on the ground that the policies were secured by the impersonation of Premier La Ferrier and that back of the whole scheme was the object of securing campaign funds by this method. Should the allegations of the company prove true it will beat the Democratic maneuvers with the sugar trust for campaign purposes ten to one, as it involved sending an agent to Paradise to make it a success, while in the sugar trust matter all that was required was a letter of introduction and a draft of an amendment to the Wilson bill by Secretary Carlisle.

We had settled down to the conviction that the greatest human monstrosity developed by the late strike was E. V. Debs, but we, with great humility, must confess our error. The Rev. Myron Reed, of Denver, takes the cake. In an address last Sunday he made use of this language:

Jesus Christ was not only an anarchist, but was killed by the representatives of the law, the church and state for daring to practice humanity. Jesus Christ was an anarchist, and a socialist, but I never read of his being a deputy sheriff. [Cheers.] Nothing has discouraged me so in the last few weeks as to see so many men anxious to take a gun and offer to go out and shoot their fellowmen for the mere pittance of $3 a day.

I look at this effort now being made by such men as Pullman as an effort to break up all organizations of laboring men so that they can deal with the workingmen one by one and gradually get them down to pauperism and serfdom.

I have been criticised for saying that many men had the right to take his labor away from any employer, but had not the right to interfere with any other man for taking his place. I say now that he has the right to interfere if he does it in a peaceable way. It is right and just for every man to protect his wages and his job. I also say that a man who does not belong to a union and stands ready to take another man's place at less wages is an enemy, a spy, and an obstructor, and ought in some peaceable way to be removed.

How Reed found out that Jesus Christ was an Anarchist and a Socialist, and could not discover that he was a deputy sheriff is a mystery. Jesus Christ always had a sublime respect for the law and contended that it should be kept to the letter; but on the contrary he spoke unceasingly against the traditions and perverted law the people were following. Anarchy of the present day lives upon tradition and perversion of truth. Jesus Christ once assumed the duties of a sheriff and drove the money changers from the temple, where they were illegally and at another time he said: "Render unto Caesar the things that are Caesar's and unto God the things that are God's." Anarchists are not inclined to do either.

WASHINGTON LETTER.

(From our Regular Correspondent.)

Washington, July 16, 1894.

The alleged conference of committees from the house and senate on the tariff bill, which is actually only a conference between eight Democrats and the various trusts which demand protection of their interests in payment for past and future contributions to the Democratic corruption fund, is still going on, and from what has leaked out there has been some very lively word battles in the committee room in which the meetings are held. Little Mr. Wilson, who, by order of Mr. Cleveland, was put at the head of the house ways and means committee, got so worked up at one of these meetings at the various demands made on behalf of the trusts by the senators that he left the room in a huff and swore he would have nothing more to do with it. However, after a consultation with boss Cleveland he thought better of it and is again a regular attendant at the meetings, and before the thing is closed will probably vote as meekly for what the trusts want as any one of his colleagues. No indications of when the legal conference, which will be attended as by law provided by the entire committees appointed by the vice president and speaker of the house respectively, will begin, has been given to the six Republicans who are members of those committees.

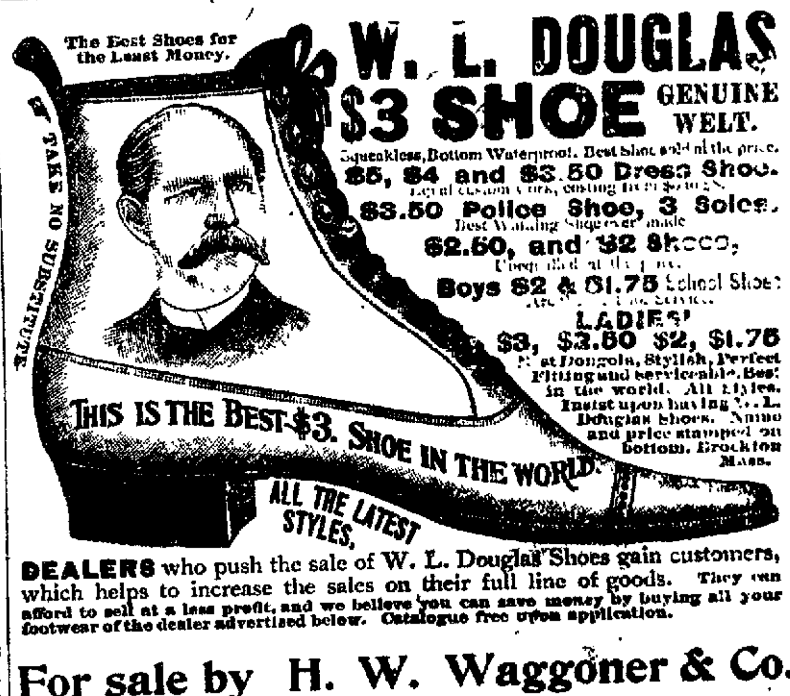

Senator Hale's resolution calling attention to the irregular and illegal status of the meetings now being held may be heard from again in a way that will be both unexpected and unpleasant to the Democrats and the trusts. When conference committees were by law provided for in cases of disagreement between the house and senate on pending legislation it was not with the intention that the members of the majority party should devote days and weeks to bargaining and dickering with each other in order to arrive at a cut and dried agreement which should then be sprung on the minority and solidly supported by the majority, and never until now has that intention been deliberately violated, although there have been hundreds of conferences held. Strictly speaking those eight Democrats have no legal right to tinker with the tariff bill in the forced absence of the six Republican members of the conference committee, and their attempting to do so may make trouble for them and their party. This tariff business is a long way from being settled.

The commission which Mr. Cleveland has agreed to appoint under the act of 1888, to investigate the railway strike, is not likely to secure any valuable information, inasmuch as it will have no authority to go to the bottom of the trouble by investigating the causes of the strike against the Pullman company, which was responsible for all the rest. It can only deal with inter-state railways and their employes. It is difficult to understand how the labor organizations got the idea that this commission would have authority to arbitrate. One section of the law under which Mr. Cleveland will appoint the two additional commissioners to serve with the U. S. Commissioner of Labor in making this investigation does authorize arbitration by such a commission, but only after application has been made by both parties to the controversy for arbitration.

There is a feeling of relief in congress and in administration circles at the failure of the strike, which by reason of the non-action of the half anarchist Democratic governor of Illinois, at one time threatened to become a very serious matter. The attorney general has asked for an appropriation of $250,000 to pay the extra expenses incurred by reason of the strike by the department of justice. The war department estimates have not been made up.

Several Interesting Base Ball Games Played Yesterday.

In last evening's REPUBLICAN it was stated that the Calumets defeated the Y. M. C. A. nine the previous evening by a score of 22 to 20. Judging from the actions and talk of several members of the Y. M. C. A. club, the announcement was incorrect. The Y. M. C. A. boys and men claim that when the umpire called game the score stood 24 to 23 in their favor. They are backed up by the scorer in their statements. A sharp rivalry has sprung up between the clubs and both sides keenly endeavor to get the edge on their opponents. An eye witness stated to-day that the game was plainly a Calumet winner until the eighth inning, when they showed their weakness by changing pitchers.

The second Calumet nine and the mail carriers played ball yesterday afternoon at the grounds near Riverside. It was an interesting contest, resulting in a victory for the Calumets by a score of 15 to 12. The battery for the Calumets was Dodd and F. Schroll and for the mail carriers Welch and Beck.

The J. D. Moore nine defeated the Drobisch Bros. nine at the Y. M. C. A. grounds yesterday afternoon Five innings were played, resulting in a score of 23 to 8 in favor of the Moore nine The players and their positions follow

Yesterday afternoon on the round house grounds the Never Sweats, a nine of colored boys, as they proudly call themselves, defeated the Ottenheimer nine by a score of 18 to 14. The Ottenheimer nine had been organized to fly the colors of the clothing house of that name, but they failed to "play ball" up to the standard. The N. S. team wanted a game, and the management said that the victors should wear the new uniforms. The colored boys didn't do a thing, but won easily, and will wear the new suits.

HARK TO THE MISANTHROPE

He Breaks Loose in the Sanctum of an Illinois Editor.

From the Morris Herald.

This is an age of sham and tinsel. On every hand can men and women be seen assuming a virtue they do not possess, a position they are not fitted to occupy, and a position beyond their reach. Men keep a carriage and four horses while tottering on the edge of bankruptcy, and women keep servants in the kitchen while their husbands dodge executions in the hands of the sheriff. Young men sport fine clothes, fine buggies and fine suppers who could not get credit for a bread ticket if their real characters were known. Girls wear six hats a year while their old fathers dress in the style of the middle ages and their mothers stay at home rather than expose the scantiness of their wardrobe. Churches have gaudy windows, sky-scraping steeples, velvet carpets and cushioned pews, while the pastor goes in his threadbare longtailed coat to hide the hole in his trousers. Sham, sham, is written on every side, and the biggest humbug is commonly esteemed the greatest hero.

CHARITY STORE MONEY

Where the Money Went and What was Accomplished

Mr. L. L. Burrows has left with us a copy of a pamphlet published by him giving an interesting statement of what he did with the general charity store fund assigned to his care as manager last winter. Each contributor to the fund in any way received a copy of the pamphlet.

The causes which led to the beginning of the work are reviewed and its object stated to have been to prevent indiscriminate and duplicate giving, to secure the community against imposture, to see that all deserving cases of destitution were properly relieved, to make employment a basis of relief "How far the objects were accomplished must be judged from the results of the work, and the following pages are intended to assist the contributors, donors and workers in reaching conclusions"

Then follows a description of the beginning of the fund and its growth The total amount received from voluntary contributions and by solicitation was $3,148 14 Of this $344 15 came from the Turn Verein entertainments, $.80 from the charity concert at the Presbyterian church, $225 55 from the Goodman band concert, $101 30 from the balance of the fund of 1892 93, $80 from the colored charity concert There was one contribution of $100, one of $75, seven of $50, one of $33 75, thirty two of $25 five of $20, five of $15, and thirty three of $10 each. Besides these a great many sent articles to the store

In mentioning the sewing department of the store a table is given showing what was made There were 4.. children's garments, 41 men's garments, 1.0 women's garments and other articles, making in all 983 articles

An interesting part of the report is the description of the efforts made to weed out the worthy and unworthy All the system and experience that could be brought into play were used, and it is shown that there was no lack of care

Under the head of "Items of Interest" is the following:

Charity accounts opened with individuals mostly heads of families	444
Same refused assistance	68
Received one or two orders each	144
Received three or more orders	1..
City work accounts opened	1..

Condition of Crops

The temperature of the past week has been slightly below the normal throughout the state The percentage of sunshine was in excess of a seasonable amount. Except in a few localities, where light showers occurred, there has been an entire absence of rain during the week. While the weather conditions have been favorable for farm work, the continued drought is beginning to affect all vegetation injuriously Corn, notwithstanding the continued drought, appears to be holding its own and making fair growth, but the reports indicate that unless rain comes soon, it will be cut short. In many sections it it tasseling and silking out While the chinch bugs appear to be numerous in the corn but little damage has been done as yet The oats harvest is about completed in the central and southern counties, and will probably be finished in the northern section the coming week. In some localities oats are yielding much better than was expected Haying, except in some of the northern counties, is practically completed, but the yield is generally light. This crop has been secured in good condition The continued hot, dry weather has injuriously affected blackberries, and the reports indicate a light yield Wheat harvest is about completed over the state, and thrashing is in full blast in the central and southern counties. The yield is generally reported good and the grain of excellent quality Potatoes are suffering for rain, and it is feared the yield will be less than was anticipated some weeks ago In some localities the Colorado beetle is injuring this crop. Pastures are in poor condition, and some farmers are beginning to feed stock. Stock water is scarce and many wells are failing.

THE THEORY OF HAIL.

Electricity Plays an Important Part in Its Formation.

O. Marangoni gives a very interesting theory of the genesis, structure and the metamorphosis of hail, a phenomenon in which electricity plays an important part. Heretofore the hailstone has been, to the popular mind, simply moisture that has been congealed in falling through strata of cold air, but its production is now shown to involve so many swift, elaborate and intricate processes that the lively, bounding little sphere attains a new scientific interest. The raw material upon which nature is about to work its alchemy, the hail cloud, is first drawn out by the wind in the form of a horizontal tongue. It becomes rapidly evaporated, producing an intense cold. There are thus formed flakes of dry snow, which, by friction against the minute drops of water, become charged with negative electricity, and are then attracted by the positive electricity of the drops of water. The snowflakes behind the cloud, i. e., to the windward, are covered with a layer of ice, at first dry and then moistened. Recent research has shown that they are at the same time charged with positive electricity, and are driven in an outward direction by the positive electricity of the rain-drops. Being thus cooled below zero, they break through the cloudy stratum, and, becoming charged anew with negative electricity, they are coated with a new snowy layer, and are again attracted by the cloud. Each hailstone, taking a wavy line, becomes enlarged by coating itself with alternate layers of opaque and transparent matter, and is ultimately thrown to the right or the left, occasioning thus the roaring noise which precedes the fall of hail, which then takes place in two parallel bands, separted from each other by a region of rain.

NICOTINE AND TOBACCO.

Varieties of the Weed That Are Destitute of the Poison.

Many people regard tobacco and nicotine as synonymous terms, though it is known that there are varieties of tobacco which contain practically no nicotine whatever. A Venetian doctor, Sig. G. B. de Toni, has been making some exhaustive researches on "Nicotina Tobacum"—the variety of tobacco generally used by smokers—and has just published the results of his investigations. He finds that nicotine, which is an alkaloid, is located chiefly in the epidermal tissues, but is entirely absent from the seed and young plant. In the root of mature plant it occurs in the cortical tissue, and especially in in the layer of cells immediately beneath the epidermis. In the branches, leaf stalk, lamina of the leaf, peduncle, calyx and corollo it is confined almost entirely to the epidermal cells, and occurs chiefly in those at the base of the hairs. In smaller quantities it is found in the anthers and pistil, but the mesophyl and assimilation tissues of the leaf were entirely devoid of nicotine in all the samples examined.

Dr. Toni believes the function of nicotine to be simply excretory, being a product of the reduction of oxygenous substances. By some of it has been assumed that nicotine exercises a protective influence on the tobacco plant to keep marauding insects at bay; but this assumption is not borne out by observation, as both the fresh and dried leaves are eaten by many insects.

Self-Destruction in Europe.

There are more suicides in Germany in proportion to the population than in any other European country. The yearly average for some years past has been 2.71 to every 10,000 of population. In France, Austria, England and Italy the average percentage for the same period has been 1.87, 1.63, .46 respectively to every 10,000 of population. In the Austrian army there is an average of 12.53 suicides to every 10,000 men; in Germany, 6.33; in Italy, 4; France, 3.33, and England, 2.09. There were fewer suicides in the Prussian army last year than in any year since 1878. The curious fact is learned that more than twice as many noncommissioned officers as privates commit suicide. Investigation as to the causes which led to so many suicides in the army have yielded but unsatisfactory, because incomplete, results. The fear of punishment for misconduct is a chief cause.

One of the World's Wonders.

The massive 6-foot reflector in the Lord Rose telescope at Parsontown, Ireland, is justly considered one of the modern wonders of the world. The gigantic reflector, the first that ever solved the problem of the nebula of Orion, is set in the end of a 55 foot wooden tube, held together by iron bands. Although it weighs a fraction over four tons it is so sensitive that the pressure of the hand upon the back will produce distortion in the reflected image of a star. Compared with the human eye this monster reflector is as 120,000 to 1; it has a penetrating power of 500, and can reveal stars so remote from our earth that it would require 60,000 years for the light to reach us, and yet light travels at the unthinkable speed of 192,500 miles per second.

WORSE THAN EVER.

Rioting and Lawlessness Rampant in Oklahoma.

THE FIGHT AGAINST THE ROCK ISLAND

Leads to Bridge-Burning, Bomb-Throwing, Wire-Cutting, Etc.—Attempt to Blown Up a Train Carrying Soldiers—A Proclamation.

GUTHRIE, Okla., July 18.—Rioting and destruction was worse that ever on the Rock Island railroad yesterday. One bridge blown up with dynamite, one burned, a dynamite bomb thrown under a train carrying soldiers, telegraph wires cut, train guards fired upon and section men driven from their work, are some of the occurrences of the day at Enid and Round Pond.

County Attorney Asher at Round Pond was in the hands of a vigilance committee and roughly treated, only escaping hanging by the interposition of several citizens.

A reign of terror prevails, and the local officers are afraid to act. The handful of soldiers are scarcely able to take care of themselves, let alone preventing any outlawry, and the secret band goes right along pillaging and burning.

Gov. Lowe last night issued a proclamation calling upon all good citizens to aid in putting an end to lawbreaking and offering $500 reward for the arrest of any of the parties guilty of arson.

AFTER THE BATTLE.

Six Dead and Two Dying the Result of the Fight—Guarded by Troops.

BIRMINGHAM, Ala., July 18.—The body of a negro miner was recovered yesterday morning a half mile from the scene of the battles at the Pratt mines Monday. This verifies the figures of killed as given in the dispatches Monday night.

Six are dead and two more will die, named George Campbell, a negro miner, and Rodriquez Roguez, a striker. Three of the negro bodies found have not yet been identified. Col Jones and Phil Steinetz, strikers, and Bart R. Anderson, a negro miner, and a dozen others are seriously wounded. The mines are guarded by 450 soldiers with a gatling gun. There are also many deputy sheriffs at the mines, as well as in the city, the striking railroad men having evinced a disposition to renew the trouble.

There were several attempts to burn freight cars and to wreck trains Monday night. In one case the engineer of an incoming train noticed a lock thrown wrong barely in time to save the lives of several coach loads of passengers. Over 100 arrests of striking miners have been made. Sixty-two were brought in yesterday, and the officers are scouring the country for more. The railroad shops and yards are closely guarded, and a reserve of troops is held in a central place ready to respond quickly to any alarm.

The citizens met yesterday afternoon to express their indignation at recent acts of lawlessness and rapine. Five thousand people were present. Speeches were made by leading citizens. Resolutions were adopted, and a committee of twenty-five on public safety was appointed, whose duty it is to aid the authorities in bringing the guilty to justice.

Gov. Jones' promptness in getting the troops out will be commended. The governor has suggested to Judge E Greene, of the criminal court, the necessity of calling an early session of the court and impanelling a grand jury on account of the arrests. The prisoners arrested are held in the Jefferson county jail under a strong guard.

TO PROVIDE FOR ARBITRATION.

Mr. Springer Heard in Support of His Bill for the Settlement of Labor Troubles.

WASHINGTON, July 18.—Messrs Erdman, Talbert, Pence Keifer and Gardner, the subcommittee of the house labor committee having charge of bills introduced looking to the settlement of labor troubles by arbitration, yesterday heard Mr. Springer, of Illinois, in support of his bill providing for a national board of arbitration. Mr Springer held that if a national board was appointed and its member paid sufficiently high salaries that good men could be secured, and that it would give greater satisfaction than boards appointed from time to time as occasion demanded. The bill covered every conceivable controversy, and afforded a hearing and a decision as to equal rights to all persons who felt they had a grievance. Under the bill no strike was likely to occur until an investigation had been made and a decision rendered. After the decision a strike in opposition to the findings of the board would be unlikely, and if a strike did occur it would prove a failure. If, on the other hand, a strike was declared in the line of the decision it would have good grounds and would succeed. The friends of the measure believe that if it were to become a law strikes would be rare occurrences.

After hearing Mr. Springer the committee briefly discussed the merits of the bill and adjourned until to-day, when it will be further considered in connection with the other bills of the same character.

An Assault on a Pittsburgh, Fort Wayne & Chicago Train.

PITTSBURGH, Pa., July 18.—Passengers and train crews on the east-bound Pittsburgh, Fort Wayne & Chicago railway, limited, which arrived in Pittsburgh on time yesterday morning, report an assault on the train Monday night, just as it pulled out of the Fort Wayne yards. A volley of stones struck the cars. Several windows were broken, and the sides of the coaches were badly scratched and dented by the missiles thrown. No one on the train was hurt. The attack caused considerable excitement among the few passengers on board.

Return to Work at a Reduction After a Seven Months' Strike.

WHEELING, W. Va., July 18.—The LaBelle, Wheeling, Warwick and West Virginia China companies, the four largest potteries in this country, resumed in full yesterday morning after a seven months' stop. The men agreed to return to work on the same basis as the Trenton potters, a 12½ per cent. reduction. Over 1,500 employes are affected. This leaves the East Liverpool potters practically the only ones holding out against the reduction.

Strike Broken.

ISHPEMING, Mich., July 18.—The strike here has been broken, and 500 miners returned to work yesterday, and twice as many will go to work today.

Four hundred militia are still on duty at the mines, but will be withdrawn this week.

FIFTY-THIRD CONGRESS.

(First Session.)

SENATE.

WASHINGTON, July 17.—The senate to-day presented a singular exception to the example of rapid discharge of business which it had given for the last two weeks. It had, before Monday's adjournment, reached a point on the agricultural bill where it only remained for the vice-president to put the question on its passage; but at that point Mr. Hansbrough interposed an amendment appropriating $1,000,000 to be used in the extermination of the Russian cactus or thistle; and the discussion upon it occupied the whole of today's session. A preliminary point of order was made against it; but the senate, by a vote of 26 to 22, decided it to be in order. The amendment was defended and urged by Mr Hansbrough, and it even found an advocate in Mr. George (Miss.). It was eventually carried by a vote of 27 to 24, and then the agricultural bill was passed.

As reported to the senate, the bill appropriates for the agricultural department for the fiscal year 1895 $3,208,183, being $1,160 less than the amount in the house bill, and $108,000 less than the amount appropriated for 1894. There were some small increases made as the bill progressed in the senate in addition to the million dollars given in the Russian cactus amendment.

The Indians appropriation bill was taken up and is now the unfinished business.

The senate, at 6:20, adjourned.

HOUSE.

To-day was accorded to the committee on judiciary on an order adopted by the house yesterday to present bills for consideration, but an hour and a half of the session was spent on other matters before the committee found its way clear to the floor. In that period the Bailey bill was passed. Yeas 12, nays 81.

Senate amendments to the bill extending for one year the time in which final payment may be made upon land entries under the pre-emption law were agreed to.

Senate bill was passed authorizing the construction of a bridge over the Monongahela river at the foot of Main street, borough of Belle Vernon, Pa.

The conference report on the bill fixing a termination of time in which land entries under what is known as the donation act of 1850, may be closed up, was presented by Mr. McRae and agreed to. Also the conference reports on senate bills granting pensions to Ernest E. Emerson and Mary Brown.

The committee on the judiciary succeeded in passing two bills, one authorizing the appointment of a third circuit judge in the eighth judicial circuit, the other making all railroad corporations, for the purposes of jurisdiction citizens of any state into which their tracks or leased lines may run or in which they do any business and in which the cause of action may occur.

The house, at 4:15 p. m., adjourned until to-morrow.

Will Resume the Coinage of Standard Silver Dollars.

WASHINGTON, July 18.—Secretary Carlisle, it is understood, will give directions within a few days to resume to a limited extent the coinage of standard silver dollars at the mints of the United States. Since the repeal of the Sherman silver-purchase law last November silver coinage has been virtually suspended only about 500 silver dollars having been struck off bearing the date of 1894.

The coinage of silver the remainder of this year will probably exceed $2,000,000. Its coinage will not affect the amount of money in circulation, as for every dollar of silver coined a one-dollar silver certificate will be issued.

The coinage, however, will increase the silver seigniorage now in the treasury, but still uncovered. This now amounts to about $55,000,000.

IN A PRISON CELL.

Debs and His Coadjutors, Arrested for Contempt,

REFUSE TO FURNISH REQUIRED BAIL,

Although Freely Tendered Them by Anxious Friends, and Are Locked Up in the County Jail with Common Felons.

A Hard Fight for the Release of the Prisoners on Their Own Recognizances Successfully Resisted by Counsel for the Prosecution.

CHICAGO, July 18.—There was a sensational climax late yesterday afternoon to the troubles that have disturbed railroad circles west of the Allegheny mountains during the past three weeks when President Eugene V. Debs, of the American Railway union, and his cabinet, Vice-President George W. Howard, General Secretary Sylvester Keliher and L. W. Rogers, chairman of the executive committee and editor of the journal of the organization, were taken to the county jail and incarcerated as prisoners of the United States for violation of the injunction issued on July 2 by Judges Wood and Grosscup, restraining them from combining and conspiring to hinder interstate commerce traffic or the movement of the United States mails.

The imprisonment of the chiefs of the new railway union was not in any sense an arbitrary proceeding. Although it is regarded as a flagrant violation of orders previously issued from its jurisdiction, an opportunity was afforded to the defendants of presenting bonds for their appearance in court a week hence. This proposition, however, was rejected on the ground, as emphasized by President Debs, after the court had rendered its ultimatum, that the principle involved was one entirely too serious in its nature to admit of the defendants availing themselves of any technicalities that might be regarded as loopholes in the laws.

Bondsmen almost without limit offered their aid and support to the union leaders, but their overtures were declined in a firm and thoroughly courteous manner, and the prisoners suffered themselves to be taken to and locked up in the county jail. There, unless in the meantime they should tire of incarceration, they will remain until Monday morning of next week.

The initial proceedings that resulted in this climax were inaugurated in the United States circuit court yesterday morning, when Special Counsel for the United States Edwin Walker and United States Attorney Milchrist appeared before Judge Seamans (who had been specially summoned from Milwaukee for the purpose, to present their information against Debs and his associates, charging them with wilful, open, daily and hourly violation of the spirit and letter of the injunction issued by Judges Wood and Grosscup on July 2, and which, so it was expected at the time, would so surround the officers of the union with the meshes of the law as to bring the strike to a premature end. So far from this being the case, however, it was contended, on behalf of the government, that the subsequent proceedings of the defendants were simply in the nature of an aggravation of the alleged offense originally stated. Instead of relaxing their efforts and intentions, so the information charged, the defendants by every means in their power, had endeavored to still further increase the obstacles in the way of a sufficient movement of railroad traffic as construed under the provisions of the interstate commerce act, as well as the transportation of the United States mails. In support of the contention of the government, several score of telegrams (which had been secured from a telegraph company under a ruling of the court) were cited. These are specimens of the whole:

To Courthead, South Butte, Mont.:

The general managers are weakening. If strike is not settled in forty-eight hours complete paralysis will follow. Potatoes and ice are out of sight. Save your money and buy a gun. E. V. DEBS

To W. F. Smith, Grand Junction, Col.:

It will take more than injunctions to move trains. Get everybody out. We are gaining ground everywhere. E. V. DEBS

The following telegram was sent to seven different persons on the Chicago & Eastern Illinois, thirty on the Union Pacific, thirty on the Northern Pacific, twenty-four on the Santa Fe, seven on the Illinois Central, seven respectively on the Rock Island and Milwaukee & St. Paul, eleven on the Wabash, five on the Chicago & Alton, two on the Burlington, seven on the Chicago & Great Western, seven on the Big Four and six divided between the Wisconsin Central and Michigan Central and two each on the Monon and Erie systems:

CHICAGO, July 16.

We have assurance that within forty-eight hours every labor organization in this country will come to our rescue. The fight is on, and our men are acquitting themselves like heroes. Here and there one weakens, but our cause is strengthened by a dozen going out in his place. Every true man must quit now and remain out until the fight is won. There can be no halfway ground. Men must be either for us or against us. Do not falter in this hour. Stand erect. Proclaim your manhood. Labor must win now or never. Our victory will be positive and complete.

To Charles Fisk, Oakland, Col.:

Calling out the troops is an old method of inciudation. Commit no violence. Have every man stand pat. Troops cannot move trains. Not enough scabs in the world to fill places, and more occurring hourly.

To S. W. Rohe, Mount Vernon, Ill.:

Call out air line and let it be understood this trouble is one of capital against labor. This is no contest in which children or childish men have a part. Strong men and broad minds only can resist the plutocracy and arrogant monopoly. Do not be frightened at troops, injunctions or a subsidized press. Quit and remain firm. Commit no violence. American Railway union will protect all, whether members or not, when strike is off.

E. V. DEBS.

To M. Glynn, Glens Falls, S. D.:

The marshal cannot injure you. He is simply assisting capitol to enslave his brothers. He does not understand his business.

Only a few of these dispatches had been read when Judge Seamans interrupted to remark that sufficient strength had been shown to indicate a willful and deliberate violation of the injunction, and thereupon counsel for the government concluded with a prayer for an attachment against the defendants indicted and their punishment for contempt of court.

An information, somewhat similar in its terms, was then filed by George R. Peck, general counsel for the Atchison, Topeka & Santa Fe road, and which is in the hands of receivers appointed by the court.

This information alleged specific interruption to the traffic of the road after the issuance of the injunction, and made a separate and distinct prayer for punishment upon Debs and his associates.

President Debs was the only representative of the union in court during the morning session. He was accompanied by W. W. Erwin, of St. Paul, special counsel for the union, who figured conspicuously in the defense of the Homestead rioters at Pittsburgh two years ago; W. A. Shoemaker, of St. Paul, his law associate, and S. S. Gregory, of Chicago, recently leading counsel for Prendergast, the assassin of Mayor Harrison. When the representatives of the government had concluded their arguments, Attorney Gregory took the ground that the information failed to charge anyone of the four defendants with personal participation in violence or destruction of property and contended that no cause had been stated that called for the cognizance of the court of equity. He laid stress upon the argument that the government was moving for the protection of railroads and that its power and authority was being exercised to vindicate the property rights of railroads. Any such an understanding, he argued, would be unfortunate, especially if the action of the court gave color to the claim.

In behalf of the government, Special Counsel Walker declared that the government represented all the people, the defendants included, and that it did not propose to protect railroad property except so far as interstate commerce and transportation of United States mails were concerned.

Further discussion was cut short by the court, the judge ordering writs of attachment to issue against Debs and his associates returnable at 2 o'clock. Instructions were given to United States Marshal Arnold, however, to waive personal service on the understanding that the defendants would voluntarily surrender themselves.

The confidence of the court was not misplaced, for within fifteen minutes after the reassembling of the court in the afternoon Debs, Howard, Keliher and Rogers were on hand.

Attorney Erwin led off the proceedings with a fiery speech, in which he declared that the defendants had been guilty of no contempt of court, and stated pointplank that, in the event of the court ruling otherwise, he would refuse to give bail and accept the alternative of going to jail. He insisted that the injunction previously issued would not hold water, and intimated the intention of the defense to file a demurrer both against the injunction and the indictment found against the defendants at the proper time. "The American Railway union," he said, "as an organization, was formed to resist the unchecked actions of capitalistic tyranny. Its members are the children of the republic, who have no power to petition the law to correct the wrongs which they believe have been done against them. They have laid down their tools as the only way to correct their grievances. When these men did this, as the only course they had, lawless men broke out and did overt acts that have worked against them. The issue will be raised at the proper time, whether capitalistic tyranny can introduce the methods of a British monarchy. The conscience of the court is being whipped to resort to extreme and unjustifiable methods."

Counsel went on to say that President Debs and his associates were already under bail in $10,000 each to answer indictments preferred by the grand jury, and that they could not and would not give additional bail on the charge of contempt. It would be amply sufficient if they were out on their own recognizance to appear whenever wanted.

Special Counsel Walker replied in behalf of the government by asking the court to pay no attention to the speech to the public which had just been delivered. Day after day, he said, these men had willfully violated the injunction directed against them. They cannot raise the question of jurisdiction until they have purged themselves of their contempt. Raising his arm and pointing his forefinger dramatically toward the defendants, the venerable counsel contined: "It is no excuse for Debs or Howard to say that they are unable to give additional bail, and that if it is imposed they must necessarily go to jail. They have ignored the injunction, and they must answer for it. The government urges a speedy hearing, and it asks that these defendants be held to bail in a sum which the court may deem sufficient not only to insure their attendance, but to prevent any further aggravated violations of the court's order."

As Mr. Walker resumed his seat, Lawyer Erwin sprang to his feet. "The remarks of counsel," he said, "simply accentuate our position. We are in contempt of an order which we claim is a void order. A hearing should have been had on the temporary injunction to-day, but no notice was issued. Nobody paid any attention to it or would have known of it only that by accident it was found on the minutes of the court."

Judge Seamans here interposed. "This may be true, but that does not affect the violation of the order in itself," he said. "Because you propose to move a modification of the injunction, that is no reason why the defendant should not be in contempt for violation during its temporary continuance. The matter now at issue is whether or not these defendants have been guilty of contempt of the order of this court."

Lawyer Gregory now came to the front in behalf of the union leaders, and a desultory discussion between the court and counsel followed. Judge Seamans wanted to know how much time the defense desired to answer the informations, and incidentally suggested, referring to a remark made by Lawyer Erwin in his speech, that the court was not aware that there was any necessity for "cooling down," or of postponing the proceedings until the public excitement had subsided.

Counsel for the defendants asked that the case should be set for Monday. To this Mr. Walker, who wanted to leave town on Saturday, objected, on the ground that he did not propose to be kept here all summer. Judge Seamans, however, said that reasonable time should be allowed, and thereupon fixed the hearing of the case for 10 o'clock on Monday morning next. He added that on the question of bail there would be a manifest impropriety in allowing the defendants to go at large on their own recognizances. He therefore thought that each and every one of the four should find satisfactory sureties in the sum of $5,000 each, to appear on Monday next. The court added that this was purely nominal bail and that but for the fact that the defendants were already under bonds it would be much larger.

General Counsel Peck, of the Santa Fe road, urged that similar bail should apply to the information filed in behalf of that corporation, but Judge Seamans ruled that one bond would be sufficient. To make it more, he said, or to apply it to other informations would be a hardship and in the nature of a persecution.

The ruling of the court was received with a buzz of astonishment on the part of the spectators. Debs, Howard, Keliher and Rogers retired to the northeast corner of the room and held a long consultation with their attorneys. When it concluded, Lawyer Erwin announced that the prisoners, for such they were by this time, would refuse to give bail.

A score or more of friends clustered around them and urged them to reconsider their determination. One of the number said that he was worth $500,000 and would go bail for the entire quartette. Others offered to become individual surety for the several defendants. Debs, however, was obdurate, and in his determination he was supported by his associates.

In the meantime the orders of commitment were made out by the clerk of the court. Marshal Arnold had been summoned, and with him he brought Deputies J. W. Forsythe and G. H. Jones. A final effort was made to induce the defendants to accept the proffers of their friends, but without result. At 4:30 o'clock Marshal Arnold escorted them to an open carriage, in which they were driven to the county jail on the North side. Arnold sat with the arrested men, while the two deputies shared seats with the driver. On their arrival at the jail the prisoners were courteously received by Jailor Morris and Jail Clerk Whitman. The marshal did the introductory honors, and the prisoners shook hands cordially with their new custodians.

No feature of jail methods was, however, relaxed in their case. On demand of the turnkeys they held up their hands and submitted to a search. They were deprived of all valuables and then led to spacious and roomy cells in the debtors' department. President Debs and Vice-President Howard were assigned to No. 5, and Rogers and Keliher to No 6. It was arranged with the jail officials that meals should be served from a neighboring restaurant and the prisoners were then left alone for the night.

THE PRESIDENT INDORSED

By an Eminent Authority on Constitutional Law.

WASHINGTON, July 18.—Hon. Thomas M. Cooley, ex-chairman of the interstate commerce commission, whose eminent standing as an authority on constitutional law gives great value to his opinion, has written to the president as follows:

ANN HARBOR, Mich., July 15, 1894.

President Grover Cleveland:

HONORED SIR—Now that the great strike in which your official intervention became necessary has been clearly shown to be a failure, I beg to be allowed to express my unqualified satisfaction with every step you have taken in vindication of the national authority and with the restoration of law and order which has followed or is now in progress. The caution and deliberation with which you have proceeded are, I think, worthy, like the accompanying firmness of high praise, and I am especially gratified that a great and valuable lesson in constitutional construction has been settled for all time with remarkably little bloodshed. You, and the attorney-general also, have won the gratitude of the country, not for this generation only, but for all time, and that God may bless you for it is the sincere prayer of Your obedient servant,

THOMAS M. COOLEY.

THE BAVARIAN CYCLONE.

Enormous Loss and Terrible Suffering—One Hundred Persons Injured and Many Dead.

BERLIN, July 18.—The Bavarian cyclone devastated a tract fifteen miles long by two miles wide. The loss amounts to 2,000,000 marks. Most of this is uninsured. The sufferers are poor, and the locality is unable to refund the losses.

A few fatalities occurred and a hundred persons were injured. Large forest areas were leveled. In some instances trees were carried 500 metres. Numbers of people were hurled long distances.

EIGHT MINERS KILLED

By the Explosion of Two Hundred Sticks of Giant Powder.

HAZLETON, Pa., July 18.—Two hundred sticks of giant powder exploded in the midst of a gang of eight miners at Stockton colliary No. 8 yesterday, and not enough of the men's bodies were left for identification.

TELEGRAPHIC NOTES.

—At Oakland, Col., the strikers are still in an ugly mood, and more trouble is expected.

—Geo. C. McFadden, one of the best-known and most expert printers in the United States, was yesterday morning killed and cut to pieces by falling between two cars at Emporia, Kan.

—An unconfirmed report from Connellsville, Pa., states that Monday night the deputy sheriffs on guard duty at the Morrell coke works, fired on the strikers, killing three men.

—The president yesterday signed the Utah statehood bill. The pen and holder used were made of native gold and silver, and will be sent back to Utah as a memento of the great event.

—A crazy St Louisan named Zappert tried to buy the city of Paris from a resident priest, and his overtures being ignored, threatened to blow up the entire city in seven days. He was sent to a lunatic asylum.

—President Gompers of the American Federation of Labor, returned to New York from Chicago yesterday. He says if there is any coldness or quarrel between him and Debs, that he, Gompers, does not know of it.

—Louis Lafedotte, a tramp, was taken from jail at Badington, Ky., by a mob yesterday and hanged. He attempted to hold up William Whetlock, a farmer, and in the scuffle Whetlock received injuries which may cause his death.

Claim[illegible] Justice.

JACKSON, Miss., July 18.—H. Gatright yesterday pleaded guilty to forgery and was given one year in the penitentiary. Gatright was arrested at St. Louis last Thursday indicted Friday, brought here Monday and pleaded guilty and was sentenced yesterday.

The Mina Arrives at New York.

NEW YORK, July 18.—The little flat-bottomed schooner Mina, in which Adolph Freitsch is to sail from New York to Queenstown alone, and which he brought single-handed from Milwaukee, arrived off the Battery at 9 o'clock yesterday morning.

A Wonderful Performance.

WASHINGTON, July 18.—The compilation of the official data taken on the cruiser Minneapolis shows that she accomplished the wonderful average of 23 073 knots, which will be her official rating. Her builders will secure $414,600 in premiums.

Cholera in St. Petersburg.

ST PETERSBURG, July 18.—One hundred and ninety-six fresh cases of cholera were reported yesterday, and seventy-nine more deaths have been recorded.

Marvelous Results.

From a letter written by Rev J. Guldermun, of Diamondale, Mich., we are permitted to make this extract. "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottle free at King & Hubbard's drug store. Regular size, 50c and $1.00.

AT Red Cliff, Colo., a woman candidate for mayor was defeated at a recent election largely by the votes of her fellow women. The rival candidate was probably an eligible bachelor.
